The table lists three coins: ALTCOM, ARION, and BSK. Each coin has a set of controls: a refresh icon, a plus sign, a minus sign, and an 'M' button. A red arrow points from the 'M' button of the first coin to a yellow callout box that says 'Choose a MASTERNODE coin. Masternode coins do also have an "M" button . Click on the "M" (Masternode button) to check for seats.' There is also a circled '2' next to the first coin's refresh icon.
